Delphi Corp Case # 05-44481 filed October 5, 2005
Document # 14705 to cancel OPEB (health insurance benefits) for
all retirees

Honorable Judge Drain:

This letter is to express my concerns with Document #14705 filed
by Delphi Corporation on February 4, 2009 asking the court to
cancel health insurance benefits (OPEB) for over 15,000 people
who are retirees of Delphi Corporation.

Please note that this letter is an OBJECTION to that document
and file it as a motion to object to document #14705.

This document was filed with no previous warning to any of the
retirees of Delphi Corporation and was only made known to us via
letter on February 5, 2009 and gave us a mere twelve days to
file our objections.

Many of the most recent retirees of Delphi were retired BY the
company and NOT by the choice of the employee. We were given no
decision to make, just told we would be retiring on a specific
date. We had little time to prepare for retirement, and little
time to adjust to a significantly reduced income before we were
hit with this latest development (loss of health care) which
will cause financial hardship for every retiree. It will have
huge impacts not only on the retirees, but also every community
where retirees live.

In my personal case, I took a voluntary early retirement in 2003
at age 53. As Delphi was seeking ways then to reduce its
operating costs even then before filing for bankruptcy, I felt
it was a way for me to contribute the long term viability of
Delphi. Retiring at such an early age does of course
substantially reduce the month pension from Delphi. Suffice it
to say, that given the cost to purchase health care coverage
provided by Delphi, more than one-half my pension check will now
have to go to paying for health care insurance.

With the current state of the economy, retirees who had saved for retirement in their Stock Savings Plans, have lost almost 40% of their savings. As you know, the cost of living has increased significantly in the last two years. This coupled with the loss of health care benefits would have a crippling effect on the lives of every retiree of Delphi Corporation.

It is my belief that there are other ways to restructure the company and still retain health care for retirees. Health care benefits are currently scheduled to stop at the age of 65 for all retirees. This cost is a decreasing cost to the company as each of us reaches that 65 age milestone.

Please know that each of the 15,000 retirees who will be negatively impacted by this action will be looking to you for your consideration when making the decision concerning Document #14705 dated February 4, 2009.

We ask you to REJECT this motion.

Sincerely yours,
